The Malaysian Mining Club (MMC) is a non-profit Club that was set up on 7th June 2013 with the sole purpose of promoting the minerals industry. Founded by reigning President, Keith Anicetus Vaz, who recognised that due to the increasing development in the mining sector, there is a need for a platform whereby industry related people can come together to gather info, exchange views and do business. The Club can bring members frequently together and in an environment that they "own" on every level. At the end of the day, it's an enjoyable, informative and updated on current affairs Club.
